

Junior Friends of the Savannas Preserve

Membership Recommendation

Thank you for your time in completing this recommendation form for this student's Junior Friends of the Savannas membership. This organization is designed to help promote the park, have students learn management and leadership skills, and to spread environmental awareness. We hold monthly meetings to help plan events at the park. Also, we participate in normal volunteer tasks in addition to doing invasive exotic removals, trash cleanups, and assisting in the native plant garden. Please fill this out the best you can and honestly. Please comment also on work ethic and behavior. On this scale 1 is a poor and a 5 is an excellent. The recommendation must be placed in a signed sealed envelope.
